6 (e) Potential products of imports from India

S.No	<u>Commodity (HS Code)</u>	<u>Rationale</u>
<u>1</u>	Cereals (10)	<p>DRC imports around \$70-80 million worth wheat (all from Russia and Ukraine). However, a negligible amount is imported from India. Similarly for around \$90 million worth rice import of DRC (over 60% from Thailand), India's share is only around \$25 million.</p> <p>Mission held a Buyer-Seller Meet on November 21, 2022, on Wheat and Rice, with participation from APEDA, FICCI, and Federation of the Congolese enter[prises].</p>
<u>2</u>	Sugar (17)	<p>DRC imports around USD 25 million worth of Sugar. Majority of this is sourced from Brazil and hence India has an immense scope to boost its exports here. Mission has identified the major importing companies and has requested APEDA for a trade delegation.</p> <p>Recently Varun Beverages Ltd. (One of the biggest franchises of PepsiCo) has announced investment of USD 100 million in DRC and will soon set up manufacturing units of Pepsi products in Maluku SEZ. Mission has requested them to source their sugar requirements from India.</p> <p>Mission held a Buyer-Seller Meet on November 21, 2022, on Sugar, with participation from APEDA, FICCI, and Federation of the Congolese ente[prises].</p>
<u>3</u>	Pharmaceuticals (30)	<p>Although pharmaceutical exports have already reached around USD 164 million. There is still scope for improvement.</p> <p>Mission has been encouraging Indian Pharmaceuticals companies to invest in DRC to set up pharma manufacturing units for local consumption as well as export to nearby countries. In this regard, Ambassador met with the representatives of La Santé Pharmaceuticals (currently based in Gabon and imports APIs from India) to also set up manufacturing units in DRC. Recently, another Indian company Unique Pharma became one of the first few enterprises to sign a contract with DRC government to set up pharma manufacturing plant in</p>

		Maluku SEZ. M/S Unique has also been requested to import most of its raw material from India.
<u>4.</u>	Vehicles and parts (87)	India dominates the two-wheeler market in DRC, with almost 50% of import share. However, there is still scope for Indian companies especially in large vehicles, trucks etc. TATA and Mahindra have already invested in DRC. Mission has requested major Indian companies to source their needs of commercial vehicles from Indian companies mentioned above. In terms of 4-wheelers, currently Toyota is the dominant company.
<u>5.</u>	Defence exports	<p>India's defence export to DRC is nil at present. Given the fact that Eastern Congo is the most unstable region in central-west Africa and MONUSCO (UN Peace-keeping force) withdrawal is imminent, there is an immense scope for India to boost its defence exports to DRC.</p> <p>Military trucks and rifles may be the low-hanging fruits in this category. Ambassador and the political officer have met multiple authorities in DRC government, including Defence Minister, to discuss this.</p>
<u>6.</u>	Machinery (84,85), Cement (25) and other construction material	<p>With respect to India's infrastructure projects in DRC, Mission has three major targets. The projects, besides generating immense goodwill among government and people alike, as they will provide electricity and jobs to locals, will also boost India's exports as 75% of the project value worth material are to be sourced from India.</p> <ol style="list-style-type: none"> 1. Relaunching the stalled Katende HEP project (LOC worth approx. \$250 million was signed in 2011. However, the project is stalled since past 6-7 years.) In, March 2022, a BHEL led delegation visited the project site to assess the state of the project. Mission is vigorously pushing for the DRC government to implement certain recommendations of BHEL and restarting the project with help of DPA-I division. 2. Launch of Kinshasa Road Decongestion Project (\$300 million project to decongest capital under buyers' credit mechanism). The project currently pending approval of COD. 3. Signing of LOC agreement worth around \$223 million for 6 solar power plants. Due to the efforts of Mission

		officials, DRC government sent a delegation consisting of Special advisor to the President to discuss signing of Exim Bank agreements in May 2022. Currently, the agreement is pending signature of Ministry of Finance of DR Congo.
7	Wigs	Almost the entire female population of DRC (or the entire central-west Africa wears wigs irrespective of the socio-economic status. Even the poorest of the people own multiple wigs. Given the size of population of over 15 million, only in Kinshasa, the market for wigs is huge.
