e) Potential products of imports from India

S.No.	Commodity (6-digit HS tariff line)	Rationale (Max.200 words)
1.	300490 Pharmaceutical Products (3004)	Indian pharma sector has a market share of about 38% and there are around 50 Indian pharma companies like Zydus, Dr Reddy's, Cipla, Sun Pharma etc. that have presence in Myanmar. Zydus has also invested in Myanmar by setting up of a plant at Thilawa for USD 23 Million. Exports of pharmaceuticals increased from US\$ 221.78 million in 2019-20 to US\$ 322 Million in 2021-22 and US\$ 171.565 million dollars in 2022-2023.
2.	271019 (Other Petroleum Oils and Oils obtained from Bituminous Minerals)	India's export of these products in 2018-19 was US\$145.04 million which decreased in 2019-20 to US\$17.07 million. Myanmar's fuel requirement before COVID was around 600 Kilo Tonne (KT) per month. Around 60% of these requirements were sourced from Singapore. After

		declaration of emergency in Myanmar, demand of fuel has declined to 300 KT per month. Also, there is some issue in importing it from Singapore now. It was found that there is a good scope for increasing India's fuel oil export to Myanmar.
3.	271012 (Light Oils and Preparations)	India's export of these products in 2018-19 was US\$52.54 million. But there was no export in 2019-20. Indian companies can explore the market.
4.	210690 (Food Preparations)	There is potential market for food preparations products in Myanmar. Indian exporters can enhance their market share in this area. India's export of Food Preparations in 2021-22 (April-Jan) has reached US\$6.7 million.
5.	Motorcycles and automobile parts	Motorcycles; parts and accessories have good potential in Myanmar. Numbers of vehicles used in Myanmar have increased remarkably. Indian spare parts of automobile have good scope in Myanmar.
6.	Agriculture Machinery (8433)	Myanmar's major import items in the agricultural sector are power tillers, hand tractors, fertilizers, pesticides, herbicides, diesel oil, dumpers, loaders and spare parts, water pumps, hydraulic excavators, gear box assembly for hand tractors, MS rod & mild steel and hybrid.
7.	Iron & Steel (72)	Indian steel has advantage of less voyage time (4-5 days) compared to of Chinese (around 30 days). Myanmar importers prefer Indian steel due to its reputation of better quality. China is leading supplier of iron & steel. India can increase its share in Myanmar's global import of iron & steel.
8.	Maize (Corn) Seed (100510)	It is observed that export of Maize (Corn) seed from India to Myanmar has increased in CFY compared to last FY.
9.	Oil Cake (2304, 2305 & 2306)	Myanmar's global import of Oil Cake (230400) during June 2021 was of US\$44.55 million. There is good scope for increasing India's export of oil cake to Myanmar. We held meetings with Myanmar Livestock Federation and Animal Feed Association to explore the possibility to enhance India's export of oil meals to Myanmar.
10.	Plastic Raw Material (39)	Myanmar has restricted import of finished goods to enhance their domestic economic activities and domestic production. Hence there is greater demand for raw materials for different industries. Myanmar Plastics Industries Association has shown interest in supply of raw material for plastic from India.
11.	Motor Vehicles with only Electric motor (HS Code 8703)	There is a huge potential market for supply of electric vehicles to Myanmar as Myanmar Investment Commission (MIC) released a notification dated 15 February, 2023 that it will give priority to electric vehicles (EVs) and related business sectors. The Notification No. 90/2022 for determining the Tariff rate reduction to 0% for the various types of battery electric vehicles (BEV) was issued since November, 2022. Enterprises executing installation, manufacturing and restoration services of the EVs, renewable electricity generation, EVs charging service businesses, electric vehicle battery production, EV battery and related service business, electric bus operation services, electric taxi and transportation service businesses

		and scientific research development business are included in those priority sectors.
12.	Cement and other construction material (HS Code 8417)	Indian cement manufacturers have good potential as the construction sector here imports cement and other construction material etc. from the foreign countries. Myanmar brought in about 100,000 tonnes of cement in September 2022 from foreign countries.

B. Trade and Investment:

- a. Significant trends in trade and investment (Sources: Govt. of Myanmar statistics)

S.No.	Category	Details of significant trends (Max.200 words)	Analysis (Max. 200 words)
1.	Trade in Goods	As per data of Ministry of Commerce, Myanmar, bilateral trade between India and Myanmar is US\$1459.968 million during FY 2020-21 (October-September). India's export to Myanmar is US\$	Sanctions by the US, UK, Canada, EU and some individual European countries, withholding of international aid funds, and plunging export earnings have constrained the

		586.540 million and import from Myanmar is US\$ 873.428 million. During the mini-budget period (October 2021 – March 2022), the bilateral trade was of US\$816.025 million. India's export was of US\$311.384 million and import valued at US\$504.641 million. During FY 2022-23 (April 2022-March 2023), total bilateral trade is US\$ 1363.424 million wherein India's export to Myanmar is US\$ 543.176 million and import from Myanmar is US\$ 820.248 million.	inflow of foreign currency. In an effort to save outflow of foreign exchange, Myanmar authorities are trying to reduce import of luxury / non-essential items. The government has emphasized on boosting domestic production of essential items including pharmaceuticals and reduce the import of goods. This may affect export from India also. A total of 9099 tariff lines (about 81 percent) are now subject to an import license in Myanmar.
2.	Trade in Services	Not Available	-----
3.	Investment	As of 31 st March 2023, India is presently the eleventh largest investor in Myanmar with an approved accumulative investment of US\$775.133 million by 36 Indian enterprises, permitted by the government, from 1988-89 to 2021-22.	Since many of Indian investment is routed through Singapore and other countries, the figures showed in Myanmar Government (DICA) statistics does not reflect correct picture.
