10	85	ELECTRICAL MACHINERY AND EQUIPMENT AND PARTS THEREOF, SOUND RECODERS AND REPRODUCERS, TELEVISION IMAGE AND SOUND RECORDERS AND REPRODUCERS AND PARTS	0.15

D. Potential Indian Exports in the future

(i) Democratic Republic of Congo

<u>S.No</u>	<u>Commodity (HS Code)</u>	<u>Rationale</u>
<u>1</u>	Cereals (10)	<i>DRC imports around \$70-80 million worth wheat (all from Russia and Ukraine). However, a negligible amount is imported from India. Similarly for around \$90 million worth rice import of DRC (over</i>

		<p>60% from Thailand), India's share is only around \$25 million.</p> <p>Mission has planned to hold a Buyer-Seller meet/ invite an Indian delegation for agricultural cereals. A request for trade delegation in the month of July 2022 had already been made to APEDA for these products.</p> <p>Mission has also recently requested (In October 2022) Federation of Congolese Enterprises (FEC) to help Mission organize a BSM in November 2022 for Rice, Wheat, and Sugar. A response from FEC is pending</p>
<u>2.</u>	Sugar (17)	<p>DRC imports around USD 25 million worth of Sugar. Majority of this is sourced from Brazil and hence India has an immense scope to boost its exports here. Mission has identified the major importing companies and has requested APEDA for a trade delegation.</p> <p>Recently Varun Beverages Ltd. (One of the biggest franchises of PepsiCo) has announced investment of USD 100 million in DRC and will soon set up manufacturing units of Pepsi products in Maluku SEZ. Mission has requested them to source their sugar requirements from India.</p>
<u>3.</u>	Pharmaceuticals (30)	<p>Although pharmaceutical exports have already reached around USD 164 million. There is still scope for improvement.</p> <p>Mission has been encouraging Indian Pharmaceuticals companies to invest in DRC to set up pharma manufacturing units for local consumption as well as export to nearby countries. In this regard, Ambassador met with the representatives of La Santé Pharmaceuticals</p>

		<p>(currently based in Gabon and imports APIs from India) to also set up manufacturing units in DRC.</p> <p>Recently, another Indian company Unique Pharma became one of the first few enterprises to sign a contract with DRC government to set up pharma manufacturing plant in Maluku SEZ. M/S Unique has also been requested to import most of its raw material from India.</p>
<u>4.</u>	Vehicles and parts (87)	<p>India dominates the two-wheeler market in DRC, with almost 50% of import share. However, there is still scope for Indian companies especially in large vehicles, trucks etc. TATA and Mahindra have already invested in DRC. Mission has requested major Indian companies to source their needs of commercial vehicles from Indian companies mentioned above. In terms of 4-wheelers, currently Toyota is the dominant company.</p>
<u>5.</u>	Defence exports	<p>India's defence export to DRC is nil at present. Given the fact that Eastern Congo is the most unstable region in central-west Africa and MONUSCO (UN Peace-keeping force) withdrawal is imminent, there is an immense scope for India to boost its defence exports to DRC.</p> <p>Military trucks and rifles may be the low-hanging fruits in this category. Ambassador and the political officer have met multiple authorities in DRC government, including Defence Minister, to discuss this.</p> <p>During the DefExpo 2022, the Defence Ministers of DR Congo and Central African Republic visited India and held bilateral meetings with Hon'ble Raksha Mantri of India.</p>

<p>6.</p>	<p>Machinery (84,85), Cement (25) and other construction material</p>	<p>With respect to India’s infrastructure projects in DRC, Mission has three major targets. The projects, besides generating immense goodwill among government and people alike, as they will provide electricity and jobs to locals, will also boost India’s exports as 75% of the project value worth material are to be sourced from India.</p> <ol style="list-style-type: none"> 1. <i>Relaunching the stalled Katende HEP project (LOC worth approx. \$250 million was signed in 2011.</i> 2. <i>Launch of Kinshasa Road Decongestion Project (\$300 million project to decongest capital under buyers’ credit mechanism). The project currently pending approval of COD.</i> 3. <i>Signing of LOC agreement worth around \$223 million for 6 solar power plants. Due to the efforts of Mission officials, DRC government sent a delegation consisting of Special advisor to the President to discuss signing of Exim Bank agreements in May 2022. Currently, the agreement is pending signature of Ministry of Finance of DR Congo.</i>
------------------	---	--

(i) Gabon

The above-mentioned products also have the potential to be exported to Gabon. However, due to the low population of Gabon (around 2 million), the potential remains comparatively low.

(ii) Central African Republic

Export potential is limited as CAR is one of the poorest countries in the world, with low population and poor infrastructure.

E. Potential Indian imports in the future

(i) Democratic Republic of Congo

DR Congo is among the most mineral rich countries in the world. It is also among the Least Developed Countries (LDCs). Being an LDC, the country is eligible for India's Duty-Free Tariff Preference Scheme (DFTPS), however, DRC is yet to send a Letter of Intent for the same, despite Mission's numerous efforts. This could help India in sourcing critical minerals such as Cobalt, Copper, and 3T (Tin, Tungsten, and Tantalum) from DRC, which are currently largely exported to China. Two major mining events are going to be organized in DR Congo in 2023.

i) **DRC Mining Week Expo. & Conference:** 14-16 June, 2023 at Lubumbashi, Congo

ii) **DRC- Africa Battery metals forum:** 12-13 Sep, 2023 at Kinshasa, Congo

These events are the two biggest Mining and minerals related events in DR Congo, and will be a great opportunity for Indian businesses to interact with government officials, businesses, investors, traders etc working in the mining sector. Lubumbashi is also the mining capital of DR Congo. Some interested members of Indian participants/ businesses can also visit some mines owned by Indian businessmen in Lubumbashi and Kolwezi where most of mining of copper, cobalt, Lithium, 3Ts (tin, tungsten and tantalum) is going on.

Therefore, a large business delegation may be mobilized for attending these events.

(iii) Gabon

Gabon is one of the OPEC countries and could be a source for India's need for diversifying its energy demands. A consortium of Oil India and Indian Oil is already involved in exploration of oil in Gabon, however, so far oil hasn't been found.

F. Important Commercial News

(i) **DR Congo**

1. On **February 05**, the Minister of Industry announced his plan to create a special fund for SEZs worth \$1.9 billion for various activities related to the acquisition of sites, the conduct of feasibility studies, the construction of basic infrastructure and one-stop shops, and improving the business climate.
2. On **February 06**, World Bank committed to disburse **\$300 million** for the "Transform" entrepreneurship project of DR Congo, which is expected to start from March 2023.
3. The owner of the Canadian mining firm Ivanhoe Mines stated on **February 09**, that they are looking for new investors in the Kamua-Kakola Copper mine, owned jointly by Ivanhoe and Chinese partner Zijin Mining, in order to realize their goal to invest \$3 billion in the mine by 2024, to make it the 2nd largest copper mine in the world.
4. DRC exported USD 146 million worth of diamonds in 2022, with 96% going to UAE and Belgium, as per the report published by Central Bank of Congo on **February 13**.
5. On **February 15**, the General Inspectorate of Finance (IGF), published final conclusions of the audit report commissioned by President Tshisekedi on the agreement signed between Gecamines and Chinese Business Group (GEC) in 2008, which resulted in the Chinese-Congolese joint venture SICOMINES. As part of the contract GEC had committed to invest around \$6.5 billion in infrastructure (revised to around \$3 billion later). As per IGF report, only around \$800 million have been mobilized for infrastructure in 14 years. The report also revised the amount the GEC has to invest in DRC from \$3 billion to \$20 billion, including \$1 billion in 2023. The report estimated that SICOMINES assets are worth \$90 billion and it has

earned profits of over \$10 billion so far. The Chinese Embassy retorted that the report is not credible and full of prejudices. *Separate report sent by Ambassador.*

6. The Minister of Hydrocarbons stated, on **February 17**, that Perenco, an Anglo-French oil company, has begun the construction of a 250-MW Gas fired power plant in **Moanda, in the province of Kongo central.**

G. Trade Queries for Imports/Exports for the month of February 2023 (if not uploaded on the Indian Trade portal)

S.No	Name of Company	Product	Nature Import/Export	Action Taken	Date received & replied	Email
1.	From Safco Trading Company	household products	Export	Contact information was sent for DRC important entities/organizations, Chamber of Commerce and private companies as well for Gabon and CAR	Received on 01.02.2023 replied 02.02.2022	hyper@safcoindia.com
