About IMC Ladies' Wing -

Started as a forum for implementing social change - as far back as 1966, today - five decades later - in its fifty fourth year, the Ladies' Wing of IMC Chamber of Commerce and Industry has become a dynamic movement for the empowerment of Indian women.

What began as a forum for creating socio-economic awareness and encouraging the spirit of enterprise is today a significant body committed to promoting women's empowerment through education, entrepreneurship and economic growth. The Ladies Wing today is poised to add new dimensions and address concerns and challenges of the present times. Through debates and constructive dialogue on various subjects, ranging from politics and economics, to culture and development, we hope a new era of change will emerge.

It is an amalgamation of elite and progressive thinking women comprising entrepreneurs, professionals, corporate leaders, academicians, bankers, journalists, artists, social activists, lawyers and home makers who interact on a variety of subjects from politics and economics to culture and development of the country.
