

## **Commodity Market Fundamentals Forum**

17<sup>th</sup> January 2019. 4 pm to 8 pm

Venue: Walchand Hirachand Hall , 4<sup>th</sup> floor IMC bldg, IMC, Mumbai

There are several drivers of the market seemingly disparate but well connected that they feed on each other; and a combination of their impact is what drives commodity prices. A sound understanding of the market fundamentals is necessary to be able to read the market reasonably correctly; and thereby make informed trading and investment decisions. This is especially important in the present times characterised by geopolitical uncertainties, growth concerns, volatile crude oil market, weak rupee and so on.

There is, therefore, a perceived need to educate stakeholders in the commodity value chain including companies with exposure to commodities about the dynamics of the market from a fundamental perspective so that their buy / sell / trade / hedge decisions are well informed and scientific.

It is in this backdrop that IMC Chamber of Commerce and Industry, jointly with MCX Investor (Client) Protection Fund has decided to conduct the Commodity Market Fundamentals Forum on January 17th, 2019 at Walchand Hirachand Hall, 4th floor IMC bldg, IMC, Mumbai 400020 starting at 4.00 pm.

The speakers and panellists are reputed market experts (crude oil, precious metals, base metals, agri) and will share their perspective from the fundamentals standpoint.

Registration will be on First-Come and First-Served basis. Please send a line in confirmation of your participation to Ms. Anita Naik at [anita.naik@imcnet.org](mailto:anita.naik@imcnet.org) or Phone 022 71226786 with following details:
