Chamber of Commerce and Industry

Dear Sir/Madam,

IMC Chamber of Commerce and Industry would like to cordially invite you to an event on the "Tomato Value Chain in India - From Imports to Self Sufficiency"

India is the second largest producer of tomato in the world ,but still has limited processing of the crop. At the same time the supply chain is riddled with large losses and farmers suffer volatile market prices. There is a need to understand the causes and possible solutions to these problems. The seminar envisages a meeting of minds to share experiences and deliberate possible action items to enhance the value chain from seed to end products. We expect participation from stakeholders across the value chain and look forward to your participation.

IMC along with Yes Bank will launch a study to find solutions to the problems mentioned above during the event.

We look forward to welcoming you at this event,

**Date** : Thursday, 2<sup>nd</sup> May 2019 ,

**Time** : 4.00 to 5.15 Pm
