

Chamber of Commerce and Industry

**India- How to protect your business from Cyber Attacks?
Friday, January 20, 2023 from 04:00 pm to 05:30 pm**

Dear Sir/ Madam,

We are pleased to inform you that IMC Chamber of Commerce and Industry's, Digital Technology Committee is organising an **online** event on '**India- How to protect your business from Cyber Attacks?**'. The details are as below:

Programme Details

Day and Date : Friday, January 20, 2023
Time : 04:00 pm to 05:30 pm
Online Platform : Zoom

Cyberattacks of all kinds are on the rise globally. India is reportedly one of the biggest targets with its large and vulnerable tech-connected population. India ranks 11th globally in terms of local cyber-attacks. Data breaches and ransomware are two of the most serious ambush tactics, with well-known Indian companies suffering at the hands of cybercriminals, costing billions in damages and exposing the sensitive data and credentials of millions of users.

IMC would want to provide as much knowledge and information to our members and affiliate association members to gain knowledge on how to counter cyber threats, understand the cyber security challenges that come in various forms, such as ransomware, phishing attacks, malware attacks, and more. Our seminar will try to provide as much information in simple ways to business owners of small to medium businesses (MSME's) so that they are capable to taking necessary preventive measures right away.

About the Speaker:

Mr Mubin Shaikh is a Partner with Ernst & Young in the technology consulting service line. He has over 20 years of professional experience in areas of cyber security, technology risk, business continuity risk, and third-party risk management. He is CISA, CISSP and ITIL certified and is also a also a Certified Business Continuity Professional (CBCP).

Ms. Parminder Kaur is the Director with the Cyber Security business unit of Frost & Sullivan based in Mumbai. She has over 19 years of strategic consulting and project management experience across India, Middle East and APAC, which include client management and liaising with internal project teams.

Mr Rajiv Singh is a Founder CEO of Quant Samurai (A Global Cybersecurity Entity). He is also on the Advisory Board of The Center for Innovation Commercialization, USA and the Advisory Board of School of CyberPeace, India. He has experience with Military grade Cybersecurity
