

Online seminar

**Commodity Market Fundamentals Forum: Energy and Agriculture**

Tuesday September 15, 2020 from 4.00 p.m. to 5.30pm.

Dear Sir/ Madam,

India is among the apex producers of several commodities and has a long history of commodity trading. There are different (global and domestic) drivers of the commodity market which impact prices. A sound understanding of the market fundamentals is necessary to be able to read the emerging market trends reasonably correctly; and thereby make informed trading and investment decisions. There is a perceived need to educate stakeholders in the commodity value chain including companies with exposure to commodities about the dynamics of the market from a fundamental perspective so that buy / sell / hold / trade / hedge decisions are well informed.

In this background, IMC Chamber of Commerce and Industry (Agriculture and Food Processing Committee & IMC Economic Research and Training Foundation) in association with MCX- IPF is organizing an Online seminar called: **"Commodity Market Fundamentals Forum: Energy and Agriculture"** on Tuesday, September 15, 2020 from 4.00 pm to 5.30 pm.

*Mr. P.S. Reddy, MD & CEO, MCX will deliver a Special address.*
