F. Important Commercial News

DR Congo

(1) On 25 March 2026 — Entreprise Générale du Cobalt SA (EGC) and Mercuria Energy Trading SA (“Mercuria”) announced the signing of a Memorandum of Understanding (MOU) to collaborate on the formalization and development of the Kasulo mine site in Kolwezi, Democratic Republic of the Congo (DRC), and its associated cobalt supply chain. The partnership aims to establish a premium “Gold Standard” for responsible artisanal and small-scale mining (ASM), positioning Kasulo as a global benchmark for transparency, sustainability, and ethical sourcing in cobalt production. Under the agreement, EGC and Mercuria will work jointly with local cooperatives, Gécamines, and the central and local governments to implement a comprehensive framework addressing health and safety, human rights, environmental stewardship, and full supply chain traceability. The initiative will align with leading national and international standards, including the OECD Due Diligence Guidance for Responsible Supply Chains, EGC’s Responsible Sourcing Standard, and the UN Guiding Principles on Business and Human Rights.

(2) The Democratic Republic of Congo and the People’s Republic of China signed a MoU on cooperation in the fields of geology and mineral resources on Thursday, March 26, 2026, in Beijing. The agreement was signed by Their Excellencies Mr. Louis Watum Kabamba, Minister of Mines of the Democratic Republic of Congo, and Mr. Guan Zhì’ou, Minister of Natural Resources of the People’s Republic of China, in the presence of official delegations from both countries. This signing is in line with the strategic directions defined following the high-level discussions held in 2023 between Their Excellencies Félix Antoine Tshisekedi Tshilombo and Xi Jinping, and establishes a balanced, pragmatic partnership resolutely focused on creating value for both countries. The Memorandum establishes a structured framework for cooperation, based on:

- Permanent consultation
- Compliance with the Congolese legal and regulatory framework,
- Investment protection
- and the promotion of local processing of natural resources.

From May 1, 2026, DRC exports to China will benefit from duty-free access, strengthening the competitiveness of the mining sector and the prospects for economic growth. The Parties also agreed to establish a dialogue and monitoring mechanism to support the implementation of projects, particularly in terms of compliance, in a stable, transparent and secure investment environment.
