| 06 | 90 | OPTICAL, PHOTOGRAPHIC CINEMATOGRAPHIC MEASURING, CHECKING PRECISION, MEDICAL OR SURGICAL INST. AND APPARATUS PARTS AND ACCESSORIES THEREOF; | 0.01 |
| 07 | 05 | PRODUCTS OF ANIMAL ORIGIN, NOT ELSEWHERE SPECIFIED OR INCLUDED. | 0.01 |

D. Potential Indian Exports in the future

(i) Democratic Republic of Congo

| S.No. | Commodity (HS Code) | Rationale |
|--------------|----------------------------|---|
| 1 | Cereals (10) | Rice is the third most important staple food and is mainly consumed in larger urban areas, while beans is used in both urban and rural areas as an accompaniment to cereal-based dishes. |
| 2 | 2-Wheelers/ Motorcycles | The Democratic Republic of the Congo Motorcycle Market is projected to witness mixed growth rate patterns during 2025 to 2029. The growth rate begins at 12.27% in 2025, climbs to a high of 12.32% in 2026, and moderates to 10.27% by 2029. |
| 3 | Pharmaceuticals | The majority of medicines consumed in the Democratic Republic of Congo are imported, making the supply vulnerable to shortages. In December 2025, DRC imported pharmaceutical products from India worth USD 28.77 million. |

E. Potential Indian imports in the future

(i) Democratic Republic of Congo

DR Congo is among the most mineral rich countries in the world. Critical Minerals can be exported to India.

(i) Central African Republic

Export potential is limited as Central African Republic with low population and poor infrastructure.

F. Important Commercial News

DR Congo

- I. On Monday 29.12.2025, The Government of Kinshasa, represented by H.E.Mr. Daniel Bumba Lubaki, Governor of Kinshasa, the capital of the Democratic Republic of the Congo, and Vingroup (Vietnam), represented by Ms. Le Thi Thu Thuy, Vice Chairwoman of Vingroup, they have signed a Memorandum of Understanding (MoU) to collaborate on research and development of large-scale urban projects and green mobility. The agreement marks an important milestone in the cooperation between Vietnam and Democratic Republic of the Congo, reflecting the shared vision of both sides toward sustainable development and improving quality of life for residents. Under the MoU, the two sides will jointly explore and develop a riverfront mega-urban project covering approximately 6,300 hectares, while gradually converting more than 300,000 gasoline-powered vehicles to electric vehicles, and establishing a comprehensive electric bus network and charging infrastructure. The project is located between the southern bank of the Congo River and the northern area of N'djili International Airport - a strategic site in the city's expansion plan. The project is expected to include residential zones, villas, apartments, hospitals, schools, shopping centers, hotels, entertainment complexes, as well as a future administrative district for government ministries and agencies.
- II. On December 9, 2025 Solafune, Inc. (CEO: Ren Uechi), a Japanese private company specializing in satellite data analysis and the operator of the satellite data analytics platform Solafune, signed a Memorandum of Understanding (MoU) with the Democratic Republic of the Congo's National Remote Sensing Centre (CNT) to promote the integration of AI into satellite data analytics across key sectors, including agriculture, environmental management, volcano monitoring, forestry, and more.
- III Congo sets new export conditions to keep tight grip on cobalt (Reuters) : Congo has set new conditions for cobalt exporters, according to a government circular reviewed by Reuters, potentially complicating a recently introduced quota system as the country seeks to keep a tight grip on the key battery mineral. The new conditions require miners, among other things, to pre-pay a 10% royalty within 48 hours and secure a compliance certificate, the circular shows. The Democratic Republic of Congo replaced a months-long export ban with a quota system in October, aiming to boost state revenues and tighten oversight in a country that produces more than 70% of the world's cobalt, a key component in electric vehicle batteries. The joint circular from the mines and finance ministries, dated November 26, sets out procedures for exporters, including mandatory quota verification, joint sampling, weighing and sealing of lots, and issuance of a new Quota Verification Certificate (AVQ) by the Authority for the Regulation and Control of Strategic Mineral Substances' Markets (ARECOMS). The AVQ must accompany export documentation alongside a checklist of certificates from multiple agencies. The rules took effect immediately. Exporters must also pre-pay a 10% mining royalty on allocated quotas within 48 hours of filing origin and sales declarations, and obtain a "liberatory receipt" before customs clearance. All mineral shipments will undergo physical inspections and be subject to multi-agency oversight, the circular states. The mines and finance ministries did not immediately respond to requests for comment, nor did Congo's mines chamber.

G. QUALITATIVE

Month

| | | | | | |
|---|---|---|---|---|---|
| 1 | 2 | 2 | 0 | 2 | 5 |
|---|---|---|---|---|---|

- 1. Market Access Alerts (attach copy of notification):

a. Alerts on customs tariff changes: -

| | Notification no. and date | HS Code | Description | Original customs tariff | Present customs tariff | Effective from | Remarks if any |
|--|---------------------------|---------|-------------|-------------------------|------------------------|----------------|----------------|
| | NA | - | - | - | - | - | - |

b. Alerts on non-tariff measures (SPS/TBT/import and export procedures/restrictions/prohibitions, licensing/ STEs etc.)

| S.No | Notification no./date | Measure/ HS Codes | Effective from/Remarks if any |
