F. Important Commercial News

DR Congo

I. On 23 October 2025, the Democratic Republic of Congo (DRC) and Brazil have signed a historic Defense Cooperation Agreement, marking a major step in President Félix-Antoine Tshisekedi's vision to rebuild and modernize the Congolese Armed Forces (FARDC). The deal was sealed during an official visit to Brasília by Deputy Prime Minister and Minister of National Defense Guy Kabombo Muadiamvita, who met with his Brazilian counterpart, Defense Minister José Múcio Monteiro. The agreement cements a new era of bilateral military cooperation between Kinshasa and Brasília. The Congolese delegation included senior military officers, among them the Deputy Chief of Staff for Operations and Intelligence, and the Chiefs of the Land, Air, and Naval Forces, underscoring the government's commitment to the partnership.

II. On 16 October 2025, The Government of the Democratic Republic of the Congo (DRC) and New York-based energy investor HYDRO-LINK have signed a Memorandum of Understanding (MoU) to construct a \$1.5bn, 1150km electricity transmission line connecting Angola and the DRC. The agreement was signed in Washington, DC, during the USA-DRC Economic and Investments Forum by H.E.Mr. Aimé Sakombi Molendo, the DRC's Minister of Hydraulic Resources and Electricity, and Paul Hinks, Chairman and CEO of HYDRO-LINK. The project aims to deliver surplus hydro-power from **Angola** to the DR Congo's southeastern Copperbelt region, where mining and industrial operations face frequent power shortages. Completion is targeted for 2029.

The new conditions require miners, among other things, to pre-pay a 10% royalty within 48 hours and secure a compliance certificate, the circular shows. The Democratic Republic of Congo replaced a months-long export ban with a quota system in October, aiming to boost state revenues and tighten oversight in a country that produces more than 70% of the world's cobalt, a key component in electric vehicle batteries. The joint circular from the mines and finance ministries, dated November 26, sets out procedures for exporters, including mandatory quota verification, joint sampling, weighing and sealing of lots, and issuance of a new Quota Verification Certificate (AVQ) by the Authority for the Regulation and Control of Strategic Mineral Substances' Markets (ARECOMS).	26 November 2025	In October 2025, a months-long export embargo was replaced by a quota system to increase state revenue and strengthen oversight of the sector. The DRC supplies more than 70% of the world's cobalt.
