E. Potential Indian Exports in the future

(i) Democratic Republic of Congo

<u>S.No.</u>	<u>Commodity (HS Code)</u>	<u>Rationale</u>
<u>1</u>	Cereals (10)	<p>DRC imports around \$70-80 million worth wheat (all from Russia and Ukraine). However, a negligible amount is imported from India. Similarly for around \$90 million worth rice import of DRC (over 60% from Thailand), India's share is only around \$25 million.</p> <p>Mission had organized a Virtual Buyer Seller meet in November 2022 on Wheat, Rice, and Sugar</p>
<u>2.</u>	Sugar (17)	<p>DRC imports around USD 25 million worth of Sugar. Majority of this is sourced from Brazil and hence India has an immense scope to boost its exports here. Mission has identified the major importing companies and has requested APEDA for a trade delegation.</p> <p>Recently Varun Beverages Ltd. (One of the biggest franchises of PepsiCo) has announced investment of USD 100 million in DRC and will soon set up manufacturing units of Pepsi products in Maluku SEZ. Mission has requested them to source their</p>

		sugar requirements from India. Mission had also organized a Virtual Buyer Seller meet in November 2022 on Wheat, Rice, and Sugar
<u>3.</u>	Pharmaceuticals (30)	<p>Although pharmaceutical exports have already reached around USD 164 million. There is still scope for improvement.</p> <p>Mission has been encouraging Indian Pharmaceuticals companies to invest in DRC to set up pharma manufacturing units for local consumption as well as export to nearby countries. In this regard, Ambassador met with the representatives of La Santé Pharmaceuticals (currently based in Gabon and imports APIs from India) to also set up manufacturing units in DRC.</p> <p>Another Indian company Unique Pharma became one of the first few enterprises to sign a contract with DRC government to set up pharma manufacturing plant in Maluku SEZ. M/S Unique has also been requested to import most of its raw material from India.</p>
<u>4.</u>	Vehicles and parts (87)	India dominates the two-wheeler market in DRC, with almost 50% of import share. However, there is still scope for Indian companies especially in large vehicles, trucks etc. TATA and Mahindra have already invested in DRC. Mission has requested major Indian companies to source their needs of commercial vehicles from Indian companies mentioned above. In terms of 4-wheelers, currently Toyota is the dominant company.
<u>5.</u>	Defence exports	<p>India's defence export to DRC is nil at present. Given the fact that Eastern Congo is the most unstable region in central-west Africa and MONUSCO (UN Peace-keeping force) withdrawal is imminent, there is an immense scope for India to boost its defence exports to DRC.</p> <p>Military trucks and rifles may be the low-hanging fruits in this category. Ambassador and the political officer have met multiple authorities in DRC government, including Defence Minister, to discuss this.</p>

		During the DefExpo 2022, the Defence Ministers of DR Congo and Central African Republic visited India and held bilateral meetings with Hon'ble Raksha Mantri of India.
6.	Machinery (84,85), Cement (25) and other construction material	<p>With respect to India's infrastructure projects in DRC, Mission has three major targets. The projects, besides generating immense goodwill among government and people alike, as they will provide electricity and jobs to locals, will also boost India's exports as 75% of the project value worth material are to be sourced from India.</p> <ol style="list-style-type: none"> 1. Relaunching the stalled Katende HEP project (LOC worth approx. \$250 million was signed in 2011). 2. Launch of Kinshasa Road Decongestion Project (\$300 million project to decongest capital under buyers' credit mechanism). The project currently pending approval of COD. 3. Signing of LOC agreement worth around \$223 million for 6 solar power plants. Due to the efforts of Mission officials, DRC government sent a delegation consisting of Special advisor to the President to discuss signing of Exim Bank agreements in May 2022. Currently, the agreement is pending signature of Ministry of Finance of DR Congo.

(i) Gabon

The above-mentioned products also have the potential to be exported to Gabon. However, due to the low population of Gabon (around 2 million), the potential remains comparatively low.

(ii) Central African Republic

Export potential is limited as CAR is one of the poorest countries in the world, with low population and poor infrastructure.

A. Potential Indian imports in the future

(i) Democratic Republic of Congo

DR Congo is among the most mineral rich countries in the world. It is also among the Least Developed Countries (LDCs). Being an LDC, the country is eligible for India's Duty-Free

Tariff Preference Scheme (DFTPS), however, DRC is yet to send a Letter of Intent for the same, despite Mission's numerous efforts. This could help India in sourcing critical minerals such as Cobalt, Copper, and 3T (Tin, Tungsten, and Tantalum) from DRC, which are currently largely exported to China.

Two major mining events are going to be organized in DR Congo in 2023.

i) **DRC Mining Week Expo. & Conference:** 14-16 June, 2023 at Lubumbashi, Congo

ii) **DRC- Africa Battery metals forum:** 12-13 Sep, 2023 at Kinshasa, Congo

These events are the two biggest Mining and minerals related events in DR Congo, and will be a great opportunity for Indian businesses to interact with government officials, businesses, investors, traders etc working in the mining sector. Lubumbashi is also the mining capital of DR Congo. Some interested members of Indian participants/ businesses can also visit some mines owned by Indian businessmen in Lubumbashi and Kolwezi where most of mining of copper, cobalt, Lithium, 3Ts (tin, tungsten and tantalum) is going on.

Therefore, a large business delegation may be mobilized for attending these events.

(ii) Gabon

Gabon is one of the OPEC countries and could be a source for India's need for diversifying its energy demands. A consortium of Oil India and Indian Oil is already involved in exploration of oil in Gabon, however, so far oil hasn't been found. Besides oil, Gabon is also known for its huge Manganese (4th largest globally), Iron-ore, Gold, wood, and other less-explored strategic minerals.

F. Important Commercial News

1. According to the report of the UN Group of Experts, the rebel groups CODECO and Zaire control 59 mining sites in the province of Ituri alone (**mostly gold mines**). The groups, according to the report, is engaged in illegal tax collection and smuggling from these mines.
2. On January 04, the French government announced that it would disburse up to **500 million Euros to DRC** as development aid by 2025, through its development agency AFD. In 2022, AFD has invested around 160 million Euros in several projects related to drinking water, fight against cholera, and other health system strengthening projects in Kinshasa.
3. According to a statement published by Central Bank of Congo on January 05, the **Forex reserves of DRC** have reached USD 4.3 billion.
4. DRC made the first shipment of '**fair trade gold**' to the United Arab Emirates on January 13, through its new company under Congolese law: **Primera Gold DRC**. The idea behind

the move was **to prevent smuggling of gold** and cutting the funding sources for rebel groups in DRC by making the gold from artisanal mining officially available in international market. The Primera Gold is also expected to provide better living and work conditions for the artisanal mining workers in eastern DR Congo.

5. On January 18, DRC Government announced the names of the successful bidding companies who would operate the 3 gas blocks in Lake Kivu, following the call for tenders launched in July 2022. The three companies are Symbion Power & Red (USA), Winds Exploration and Production LLC (USA), and Alfajiri Energy Corporation (Canada). DRC Government also **extended the deadline for the call for tenders for 27 oil blocks** by several months, staggered between April and October 2023.
6. Under the coordination of the Secretariat of the Southern African Community (SADC), the Ministers of Transport and Development of the **DRC, Angola and Zambia**, signed on January 27, the Lobito Corridor Transit Transport Facilitation Agency (LCTTFA) agreement in Benguela, Angola. The Lobito corridor extends from the port of Lobito located on the Atlantic Ocean and crosses Angola from West to East through the provinces of Benguela, Huambo, Bie' and Moxico. It covers the mining areas of Katanga province in the DRC and the Copperbelt in Zambia.

The aim of the agreement is to create a framework for the three SADC Member States to jointly **develop harmonized corridor laws, policies, regulations** and systems, including infrastructure development.

7. According to the Central Bank of Congo, DRC produced **8.4 million barrels of oil in 2022**.
8. On January 31, IMF completed its study on the Public Investment Management in DR Congo, following the request by the Finance Minister, almost 10 months ago. The study came out with some severe facts:
 - (a) Public investment in DRC is <4% of GDP since 2003, less than half of that in Sub-Saharan Africa, and low income countries.
 - (b) Lack of rules in assessment, selection, and monitoring mechanism of projects
 - (c) Poor quality and high deterioration of the infrastructure created through government investments.
 - (d) Corruption in selection criteria for implementation of projectsThe IMF also suggested 'priority reforms' for DRC for 2022-24 in order to tackle these issues.

1. On **January 24**, Chinese Ambassador in DRC met with the Congolese Defence Minister and announced a grant of USD 27 million for the development of defence sector in the

country. It was also decided to set up a joint commission to focus on the priorities. Chinese Ambassador stated that the trade between DRC and China increased by almost 52% in 2022, reaching \$22 billion.

F. Trade Queries for Imports/Exports for the month of January 2023 (if not uploaded on the Indian Trade portal)

S.No	Name of Company	Product	Nature Import/ Export	Action Taken	Date received & replied	Email
1.	From SLA INTERNATIONAL	PolyPropylene Bags and Ghee	Export	Contact information was sent for DRC important entities/organizations, Chamber of Commerce and private companies as well for Gabon and CAR	Received on 01.01.2023 replied 02.01.2022	sunil@sinternational.in
